# M&I in Now Zad

**Morning Intel Update:** 101130

PIR # 07/22/30 – Are INS applying Murder and Intimidation (M&I)?/What are the factors contributing to insecurity amongst the population at the local and district level?/How can we improve FoM for GIRoA and the populace?

➤ **04 Nov:** TB use checkpoints and patrols in Kenjak-e Olya to control northern Now Zad. [DIIR IMEF HET 8C 0059 11](#)

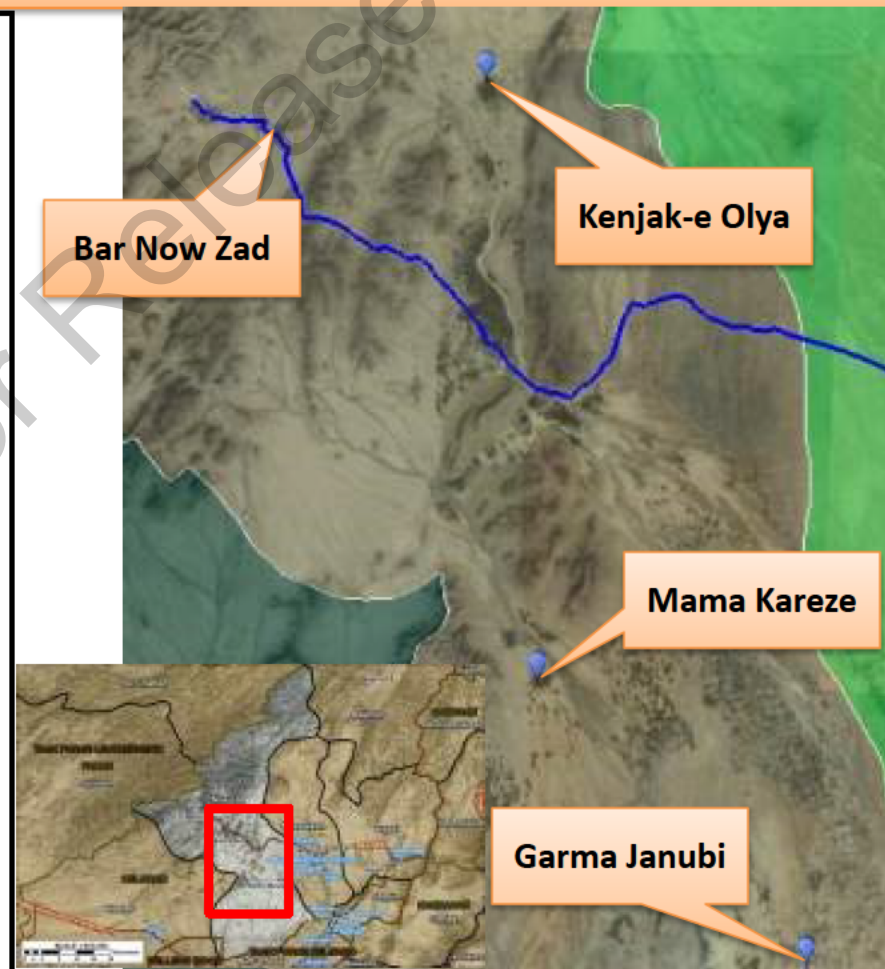

- TB inform LN that roads to the south and west of Kenjak-e Olya are seeded with IEDs and not to use them.
- TB confiscate LN cell phones to prevent them from informing CF/ANSF.

➤ **25 Nov:** TB checkpoints in Garma Janubi disrupt LN traffic from Gereshk into Now Zad. [DIIR IMEF HET 8C 0099 11](#)

- TB tax LN and redirect them to Musa Qal'ah.
- LN suspected of working with GIRoA/CF are taken to the Now Zad District Taliban Commission in Bar Now Zad.

➤ **25 Nov:** TB in Mama Kareze conduct murder and intimidation operations. [DIIR IMEF HET 8C 0100 11](#)

- Four bodies displayed on the side of a mountain west of Mama Kareze.
- TB place warning letters at each of the two sites informing LN that GIRoA/CF informants would be punished like the individuals at the sites.

**Assessment:** TB leadership has recently amplified efforts to increase TB influence and control over LN in southern Now Zad by conducting illegal checkpoints and M&I. This is likely an effort by TB leadership to protect southern supply lines, decrease LN exposure to GIRoA/CF controlled areas, and increase funding for operations. The influx of fighters in southern Now Zad as a result of CF pressure in northern Now Zad will lead to increased M&I against LN in the near term.
